## Traditions

Cotswold: Bucknall, Bampton, Bledington, Fieldtown, Oddington, Adderbury, Brackley, Lichfield, Upton-Upon-Severn, Badby, Hinton-in-the-Hedges, Kirtlington, Ascot-Under-Wytchwood. Border: Several from Moreton Bay and a few from the Adelaide Men but the memory is fading...

## Morris instruments

Only in utter utter desperation! Small but tasteful piano box played like a real one! ...as best I can, anyway.

## Beasts and fools

Fool: Not at present but that could change at any minute, probably without me even realising. I said what? Twice Fool for Moreton Bay and twice for Belswagger. A pattern was emerging so I had to move interstate ...so far so good. Beast: Only on a really good night!

## Beer preference

Dry Cider, sometimes draught but only sweet when too pissed to notice... but not Cobbley's scrumpy ...scrumpy? scrumpy!! (passes out stark naked on the immediate floor} Most Ales preferably dark ones. (Toohey's Old, Coopers dark, Old Preacher) Cheap Spanish plonk.

## Anything else that needs to be said

Australian Morris Ring's webmaster, newsletter editor and general dogsbody. ...anyone want a job? One day a really really good team will appear and I want to be in it! ...if I can still see to dance.
