Miscellany: Freaks in the Peaks is a dancers' cooperative. We are a democratic group made up of both male and female dancers and musicians from all over the Britain. We meet for a weekend four times a year in one of several villages in the Peak District, and welcome anyone who would like to join us. Dances are taught Saturday mornings and Danced Out in the afternoon and on Sundays. Freaks in the Peaks, as a side, do not normally take bookings or dance at other events.
